

Standard Guideline #1 - For Temporary Communion Under Special Circumstances – Walk-In

This is a standard Guideline for Temporary Communion Under Special Circumstances – Walk-In which can be used by a parish as their plan for conducting this type of service. The parish can request this temporary license by email stating that they will follow the Guideline as outlined below and identify the entry and exit points (preferably with a sketch) to their church.

The Temporary License supplements an online, Eucharist Service worship by distributing communion using the Communion Under Special Circumstances Rite in the Book of Common Prayer following the online service.

2. These services are anticipated to be intermittent.

4. The online service will be posted with ample time for parishioners to drive to the parish after viewing the online service.

2. A greeter will ask the current CDC COVID-19 screening questions and record the names of those attending. Those who answer no to a screening question will be asked to leave.
3. The greeter will allow an attendee or family to enter once the previous attendee/family has departed.
4. Clergy, greeter and parishioners will be required to wear masks. Parishioners will be directed to move 10 feet away from the clergy member or LEM before consuming communion and may remove the mask temporarily to consume the communion.
5. Parishioners will enter by the main door of the church, and leave by another door, both of which will be propped open. Windows will be opened if possible.
6. Distribution should take place in front of the altar.
7. The consecrated host will be dropped in the hands of the parishioner receiving.
8. The clergy or LEM will give communion using the words of the BCP, 'The Body of Christ, the bread of heaven'.
