

## Standard Guideline #1 - For Temporary Communion Under Special Circumstances – Walk-In

This is a standard Guideline for Temporary Communion Under Special Circumstances – Walk-In which can be used by a parish as their plan for conducting this type of service. The parish can request this temporary license by email stating:

- They will follow the Guideline as outlined below.
- Identify the space to be used, and the entry and exit points to it (preferably with a sketch)
- The anticipated frequency of the services.

The Temporary License supplements an online, Eucharist Service worship by distributing communion using the Communion Under Special Circumstances Rite in the Book of Common Prayer following the online service.
