### Mission and Development is interested in helping support Parish projects that meet one of the following criteria:

- strengthens the congregation's identity and purpose
- deepens the congregation's engagement with the local community, or
- fosters healthy and effective organizational dynamics within the parish

We also understand some projects are bigger than others. At times a ministry may need smaller amounts to fund on ongoing ministry. These dollars are important to strengthen a ministry and are usually under \$1000. At other times, seed money is needed to help develop a new ministry or to expand an existing one that strengthens the church's mission. The dollars for these types of ministry can often exceed \$1000. Neither grant is for the operational needs of the congregation.

And so we would like to offer two types of grants:

- **"Ministry" grant** for the smaller needs with a limit of \$1,000,
- **"Congregational Development Grant"** for the larger projects with a limit of \$5,000.

Check the Grant for which this application is intended:

\_\_\_\_\_ Ministry Grant (up to \$1,000) – One page limit for proposal  
\_\_\_\_\_ Congregational Development Grant (up to \$5,000 maximum) –  
Two page limit for proposal
