00:57:19 Jim Bever Dam Sr:for non-live stream what software do you recorded services

00:59:46 John Washbush: I use Adobe Premiere and Corel Video Studio. I had past experience with Premiere before Coronatide, so was comfortable using it. Once we added a second editor, we shifted to a prosumer grade software that had some nice features and was easy to train for.

01:00:39 David - St Matthias - Clergy: Screenflow is a decent non-Adobe option. You could also use iMovie on a Mac.

01:01:05 Fr. Steve -- St Mark's, South Milwaukee: Do you use PowerPoint to project the Order of Service?

01:01:52 Sara Bitner (she/her) Diocesan Staff: You can. At St. Mark's MKE, we use Google slides in our zoom church.

01:02:06 David - St Matthias - Clergy: We use Keynote.

01:02:52 Canon Huddleston: Holy Communion uses both powerpoint and keynote

01:06:20 Fr. Steve -- St Mark's, South Milwaukee: Can you livestream through zoom, use multiple cameras, etc.?

01:08:07 Sara Bitner (she/her) Diocesan Staff: Yes, to FB live or to YouTube live (not both at the same time though).

01:10:45 Fr. Steve -- St Mark's, South Milwaukee: For evangelism purposes, might you encourage members to share zoom links with friends, co-workers, etc.

01:11:00 The Rev. Don Fleischman: I think so steve

01:17:31 Ellen St.. Paul's Wtn Sr. Warden: St. Paul's Watertown has recorded content within a live zoom, followed by coffee hour, but it is very labor intensive for our music director.

01:18:21 Fr. Steve -- St Mark's, South Milwaukee: This hs been very helpful, encouraging, thank you. One thing we are setting up is Drive-in Worship with an FM Transmitter. We are hoping to do our first this week. Of course, that is a weather permitting approach.

01:18:27 Rev. Miranda, St. Dunstan's MSN: Re: slides, we use both Keynote and Google Slides. I find that sometimes Google Slides are a little slow to come back up, if we stop screensharing to talk or or pray, so I use KeyNOTE, which is an Apple app. But the person who does our compline slides uses Google Slides.

01:18:39 Rev. Miranda, St. Dunstan's MSN: I assume PowerPoint would work too!

01:19:02 Canon Huddleston: Canva is a free service that can help design slides

01:19:18 Valerie, St. Dunstan, TR: Several of us in Miranda's congregation have our own Zoom accounts. We have other groups, book groups, just conversation groups.

01:19:27 Allan St. Mark's SoMil: Is there a way to determine how many people view older recorded masses?

01:21:04 Allan St. Mark's SoMil: Are there alot of people that view older recorded masses?

01:21:42 Chris Boling St Simon: can you broadcast in zoom and face book at the same time?

01:21:49 David - St Matthias - Clergy: You have to create a Page.

01:22:10 Rev. Miranda, St. Dunstan's MSN: You can broadcast your live Zoom service as a Facebook live video.

01:22:27 Rev. Miranda, St. Dunstan's MSN: It has been hiccup-y in the past. We don't do it regularly. But it may have gotten better! :-)

01:23:25 David - St Matthias - Clergy: If you're wanting to focus on Facebook and Youtube, streamyard is what we are using both for the diocese and at St. Matthias.
