

2020 Fall Ministry Development Grant Application – Due Nov. 16, 2020

Commission on Mission and Development
Episcopal Diocese of Milwaukee

Parish: _____

Contacts _____ E-mail
Clergy _____

Lay _____

Mission and Development is interested in helping support parish projects that meet one of the following criteria:

- strengthens the congregation’s identity and purpose
- deepens the congregation’s engagement with the local community
- supports development of digital and virtual means for communication, worship, formation and mission

In this time of pandemic, we are experiencing loss or changes in our traditional ways of worship, outreach and ministry. At the same time, new opportunities and needs are presenting themselves. In the past, a major purpose of these Ministry Grants was to provide seed money or a jump start for new ministries. We hope that this will be especially relevant now.

Size of grant: up to \$5000

Requirements:

Please submit a written proposal for your project that includes:

- An overall, general description
- How it supports your parish vision/identity/mission (purpose).
- How it aligns with the criteria listed above.
- How is it sustainable when aid is no longer received?
- How will you evaluate your project, including what criteria will be used to determine if it is successful?

Budget worksheet, including:

- Total amount budgeted for this purpose \$ _____
- Include draft line-item budget.
- How much is parish contributing \$ _____
- State other funding sources being explored _____
- **AMOUNT OF GRANT REQUESTED** \$ _____

Please submit your proposal to Peggy Bean at bean@diomil.org by the deadline. Distribution of funds will be in the month of December.

Upon completion or 6 months after receiving project funding, please send an update on how the project [is] progressed[ing], including any changes in scope that were required, and if successful what will be needed to make this a self-sustaining program.

Parish Grant Application Approval
